

THE MONITOR NEWS

VOL. 5

MONITOR, ALBERTA, FRIDAY, FEBRUARY 6, 1920.

NO. 7

Local Happenings

Dr. Mecklenburg, the celebrated optician, will be in Monitor at the Hotel, on Thursday and Friday, February 12th and 13th. From 3 p.m. to 3 p.m.

Mrs. A. Grace left on Monday last to take her daughter Eva to Consort for an operation.

Creek Valley School Board, comprised of Messrs H. Grayburn, J. Lewis and A. Hagen, will hold their first meeting this year on Tuesday Feb, 10th.

Mr. F. Hansen is working on the buildings being erected in Compeer.

Roy Cramer has secured the contract for several edifices in the Compeer and Altario districts.

Mr. John Osborne returned on Tuesday last from British Columbia, where he has been working in the Lumber camps. He was with Lyle Hayes and left Lyle there.

ALERT ALTARIO

The Stork paid a visit to Altario last week leaving a fine big boy to Mr. and Mrs. Chesterman of Compeer.

Many people are suffering from severe colds and in the case of the young folks it is well to take time by the forelock and administer preventatives to tone up the system. Hot mustard footbaths followed by hot lemonade are simple but efficacious home remedies.

We regret to hear Lewis Walker is not improving and has been removed from Keg Robert to Saskatoon for treatment. Everyone wishes him a speedy recovery.

The local stores are offering tempting bargains at their annual January Clearance Sales and at the special prices marked the buying is good investment for the man lucky enough to have a pocketful of cash.

The Ladies Aid met on Wednesday at the home of Mrs. N. D. Robinson and the annual business was transacted. The W. Institute held at the close discussed the coming years work and the ladies decided to get more quilts made as there was a good demand for them at the recent Bazaar. Each member took home with her \$1.00 bill with which to do a trading scheme which will bring more funds to the treasury. We hear one lady made her dollar into three by giving a card party and charging a admission. Another enterprising financier loaned hers to the head of the house for a week at high interest others propose to make cakes and candy and sell to their friends.

Church was held in the school on Sunday evening and the Rev Amos preached on the Forward Movement.

We hear whispers of a new stint in the way of dialogues and feel sure that the budding Altarian electionist will enjoy the rehearsals as much as the grown up do the performance itself.

CHURCH NOTICES St. Laurence Church

REV. W. S. WICKENDEN, B. A., L. TH.
PASTOR.

Divine Service every Sunday, 7.30 p.m. Holy Communion on the first Sunday in the month.

Sunday School, every Sunday 12 noon.

S. S. Teachers meeting, Tuesday, 7.45 p.m. in the Church.

Bible Class, Tuesday Evenings, 8.15 p.m. in the Church.

Choir Practice, Thursday and Saturdays, 8 p.m.

The annual Service for the Curling Club will be held, Sunday February 15th at 7.30 p.m. All Curlers and their friends invited.

What are you doing for the Forward Movement?

The co-operating Presbyterian and Methodist Service will be held as usual next Sunday, February 1st, in Monitor from 1 to 2 p.m. (Miss Carroll, Soloist)

and in Kirriemuir at 7.30 p.m. (Mrs. Kay, Soloist) Everybody was also asked to act as auditors.

The Stork paid a visit to Altario last week leaving a fine big boy to Mr. and Mrs. Chesterman of Compeer.

Weekly Discussions

The free-for-all discussion group meets again next Sunday from 12 noon to 12.50 in the home of Rev. and Mrs. J. L. Wright. If you have any subject that you wish discussed bring it along.

Every one is welcome.
J. L. Wright.

BANFF Winter Sports CARNIVAL

February 2nd to 15th, 1920. Bonspiel starts Feb. 2nd, 1920. Carnival starts Feb. 7th, 1920. Banff's famous Toboggan Slide open all the time. Swimming in the Hot Sulphur Pools. Hockey. Ski Jumping. Snow-Shoeing. Trap Shooting.

Dancing every night. Comfortable hotel accommodation.

Make your reservations early. Full details from any Canadian Pacific Agent, or J. E. PROCTOR.

District Passenger Agent, Calgary.

Monitor Great War Veterans Have a Birthday Party

And Elect Officers For The Coming Year

On Thursday, January the 29th, the Monitor Branch of Great War Veterans Association, held their Annual Meeting for the election of Officers, for the coming year. The meeting was called to order at three p.m. by the President, Comrade L. O. Gould, and following the regular business requiring attention, the following officers were elected for the coming year.

President, Comrade Rev. J. L. Wright.

Vice President Comrade G. Ryckman.

2nd. Vice President Comrade F. Deacon.

Sec-Treasurer Comrade L. O. Gould

Executive Comrades J. C. Matheson, C. O. Stewart, C. Crisp.

Auditors Comrade J. H. Galbraith, and W. G. MacKenzie was also asked to act as auditors.

It is the intention of the local to institute a Membership drive sometime in the early spring all returned men not being a member of a local of the G. W. V. A. being asked to join the Monitor branch.

The report of the President and the Secretary Treasurer showed that the Branch has made wonderful strides since their formation one year ago. From a nucleus of ten, they have now a membership of forty with sufficient funds in the bank to take care of any deserving case where help is needed.

In the evening the local had a real birthday. Close to fifty people sat down to a sumptuous repast, tastefully served in the Monitor Hotel main dining room, which was fittingly decorated for the occasion. A full seven-course dinner was served which was done justice to, and when all had eaten, the Toastmaster Comrade L. O. Gould, in a few remarks welcomed the visitors on behalf of the G. W. V. A. and proposed the old and most glorious toast "His Majesty, The King" this was responded to by all stand-

ing and joining in singing the National Anthem. Major J. C. Matheson was then called upon by the Toastmaster to propose the Toast of "Canada".

The Major, who is a gentleman of the old school and a thorough good fellow to boot, spoke briefly, but accurately and to the point on the part the gallant Canadian soldiers had played in the Great War. How on several occasions their splendid morale and dashing courage had turned defeat into victory.

He mentioned in particular, the part our boys played on that memorable August 8th, 1918 when the lads, given the order

to advance, did so with such a splendid disregard for personal

danger, that instead of just

holding the captured ground

until the following spring, which was the intention in the

first place of the authorities, the advance was continued with the results of which went home are well acquainted. Major Matheson apologised that it was necessary to drink this toast in aqua pura, but since nothing else was permissible (or available) it was the best that could be done.

This toast was responded to by our worthy and esteemed friend W. J. Blair, Esquire, Member of Parliament for the Battle River Constituency, in his usual efficient manner.

Mr. Blair spoke at some length on the vast natural resources of Canada and said that whatever walk in life a man could possibly want to engage in, Canada was ready to give him his chance. He drew attention to the fact that not only the government of Canada, but the people of the Dominion also, were looking to the Returned Soldier to help carry on the fight against Bolshevism and kindred policies.

Mr. Blair also stated that the present government had been adversely criticised by some in a number of its moves made during and after the war, but that the moves had been made in the true spirit of Democracy. His remarks showed that Mr. Blair had a thorough grasp of his subject and had within the interest of the people at heart. Mr. Blair brought with him the best wishes of the Provost Local of the G. W. V. A.

Then the dear old toast "The Ladies" was proposed by the Rev. W. S. Wickenden, who although a bachelor proved without a doubt that he was not vowed to eternal celibacy. Indeed, his delicate hints dropped from time to time during his discourse, proved to the contrary. Mr. Wickenden dwelt briefly on the magnificent work the women of the Empire had done during the Great War and other similar times of stress—such organizations as the Daughters of the Empire, The Red Cross and Womens Auxiliary and kindred organizations. He mentioned also that it was a peculiar thing that the world had made the greatest advances (Great Britain in particular) while under the rule of Queens. He used the Elizabethan and Victorian eras as examples. Rev. Wickenden was in splendid form and his remarks should certainly create an impression.

Mrs. J. L. Wright responded in a very able manner to this toast. She heartily endorsed the remarks of Mr. Wickenden and added a few instances where women had proven their efficiency to tackle things that were at one time thought to belong to mere man, alone. Mrs. Wright deplored the fact that single women were not allowed to file on homesteads, and thus eliminate a lot of the suffering that poor bachelors have to put up with. Mrs. Wright showed a keen sense of humor as well as splendid powers of diction. Her remarks were to the point.

During the evening Miss Carr, accompanied on the piano by Mr. J. H. Galbraith, rendered in her usual splendid style, two songs entitled "Our Yesterday" and "Denz Old Pal of Mine" which were heartily applauded.

Mr. L. O. Gould filled the honorable position of Toastmaster with splendid efficiency and diplomacy. His various remarks during the evening showed a keen mind and a ready wit. His handling of the dinner left nothing to be desired.

The members of the Monitor Local G. W. V. A. desire to thank the management of the Hotel, Miss Carroll and others who so splendidly assisted them in their evening. A most glorious time was enjoyed by all present, and the Local is indeed to be congratulated on the splendid achievement as shown during the past year. The results shown could only be attained by a remarkable spirit of co-operation and unselfishness on the part of the Veterans of this district. Monitor should indeed be proud of her boys who have proved the words of their president L. O. Gould, that the spirit which prompted such magnificent deeds overseas had not been left there, but had been brought back and would continue to flourish as long as the Red White and Blue—for ever.

Following the dinner in the Hotel, the party adjourned to the Big Hall, where, to the delightful strains of music furnished by the Monitor Citizens Band, dancing was indulged in until the sun was due to rise almost. Those who were present will endorse the statement that this Anniversary is the most splendid affair of its kind ever held in the district and the congratulations of the community are extended to the Monitor Local, G. W. V. A. on such a happy celebration of their First Birthday. May they have many of them.

A Grand Musical Evening Under the auspices of the Monitor W.A.

MONTH OLD BABY HAD SKIN TROUBLE

On Face and Hands, Itched and Burned, Cuticura Heals.

"My baby was only a month old when her face and hands started to get red and acaly. The eczema started in the form of water blisters and itched and burned. She was so crooked and fretful she could not sleep."

"This lasted nine months when I tried Cuticura Soap and Ointment, and I used three cakes of Soap with two boxes of Ointment when she was born. (Signed) Mrs. Oscar Pillion, Amherstburg, Ontario, May 7, 1918."

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum.

For free sample each of Cuticura Soap, Ointment and Talcum, send 10c in postage, Dept. A, bottom, U. S. A. 10c. Sold everywhere.

Europe Misunderstands America

Among the more astute and well informed diplomats, statesmen and publicists of Great Britain and France, and to an increasing extent in the United States and certain European countries, the impression is growing that the glorious opportunity presented by the Peace Conference for the clearing up of international misunderstandings was not taken full advantage of, and that to a great extent that opportunity was wasted, with the result that many old misunderstandings remain and comparatively trifling difficulties are still exaggerated and rankle.

The underlying cause of failure to grasp the full opportunity presented is set down to a misunderstanding on the part of European statesmen and people of the constitutional powers of the President of the United States, and Mr. Wilson is blamelessly in that he apparently made little or no attempt to acquaint his conferees in the Peace Conference with the limitations of his office. Acquainted as European peoples are with prevailing systems of government in Great Britain, France, Italy, Belgium and other countries where it is necessary that the Government of the day command the support of a majority of the elected representatives of the people, they are puzzled by the American system where the Executive may continue to administer the affairs of government despite the fact that it may have lost the support of Congress.

During the war, the people of Europe were amazed and puzzled at the evidence of an almost autocratic power possessed by President Wilson, a power apparently far greater than that enjoyed by any British, French or Italian Premier. Now that the war is over Europe is even more intensely puzzled over the spectacle of the impotence of the President in securing American ratification of the Peace Treaty and its covenant of the League of Nations, which is regarded as essentially an American conception.

When President Wilson went to Paris he was looked upon as coming clothed with all the power to commit the United States to any policy to which he gave his support, and particularly so to such proposals as he advanced himself. When Premier Lloyd George or Premier Clemenceau gave

their assent to any policy before the Peace Conference, the nations of the world knew that it would be accepted by their respective countries or their governments would forthwith resign. The general impression was that the same was true, possibly to an even greater extent, of the United States. And President Wilson did not dissipate that erroneous impression.

What Europe did not understand is that while it is possible, in theory, at least, for Great Britain and France to enter into treaties without the ratification of parliament, although in both countries parliament must vote the necessary money to make such treaties effective, in the United States the treaty making power rests with the Senate. All the President or executive can do is to negotiate a treaty, but it remains with the Senate to accept, alter or reject it. President Wilson, therefore, occupied an entirely different status at Paris to Lloyd George, Clemenceau, Orlando, and other European ministers. The people of Europe generally were not, however, aware of that fact. In the public mind of the old world, President Wilson was credited with powers he did not possess, and his attitude at Paris did nothing to remove the false impression.

Not only the Allies, but Germany, too, was deceived, or at least misunderstood the position. Germany relied implicitly on Wilson's famous "fourteen points," believing that "should the very worst happen" and they ultimately suffered ignominious defeat, as they did, they could fall back on the Wilson program as the basis of peace, and that the "fourteen points" covered the maximum of the demands that would be made and imposed by the Allies.

The inevitable result is, of course, that Europe and America still fail to understand one another. The outcome has left a bad impression, and the masses of the people who do not understand the American constitution feel that the United States has broken faith with them; that they accepted the League of Nations proposed by President Wilson when it is generally admitted a satisfactory and workable peace treaty could have been achieved in a relatively short time without the inclusion of the League covenant; and that now the United States haggles over and will possibly reject the policy for which President Wilson was the sponsor.

If, instead of going to Europe himself, President Wilson had sent envoys to negotiate the Peace Treaty, Europe would have better understood the situation, because President Wilson was only a negotiator himself and possessed no greater power—although wielding a greater influence—than any other United States delegate. His very presence at the Peace Conference, and, to put it mildly, his failure to enlighten Europe as to his actual powers and standing, is today the cause of much misunderstanding and some bitterness which might, and ought, to have been avoided.

Occasionally the short club knocks the persimmons before the long pole can get within reach.

Piles Cured in 6 to 14 Days

Shipment of Elk for the Banff Park

The first shipment of elk from Yellowstone Park to a point outside the United States has just been received at Rocky Mountain Park, Banff, Alberta, from Gardner, Montana. Two hundred one and two-year-old elk were sent. Howard Siebold, chief game warden for Canadian parks, accompanied the shipment. Park officials at Banff are to reciprocate by sending mountain goats from Banff to Yellowstone if the park officials desire them.

Minard's Liniment Cures Distemper.

Many a man's success is due to the fact that he went ahead first and made it right afterward.

Have Earned a Place In Canadian Homes

DODD'S KIDNEY PILLS GREAT WORK FOR WOMEN

Is Once More Shown in the Case of Mrs. Robert Bell, Who Says She Can Never Thank Dodd's Kidney Pills Enough.

Golden Valley, Ont., Feb. 2nd.—(Special)—"I had kidney trouble. My nerves were bad. I felt tired all the time. I was all run down."

"My troubles are all gone since using Dodd's Kidney Pills. My appetite is good and I am increasing in weight."

"These are the statements of Mrs. Robert Bell, a well-known and highly respected resident of this place. They must be of interest to thousands of tired, suffering women in Canada."

"Mrs. Bell is a well-known Canadian woman who has used Dodd's Kidney Pills. She knows them to be true."

For Dodd's Kidney Pills are no experiment. They are a household remedy in thousands of Canadian homes. They have earned their place by the fact that they have relieved and the health they have brought to all your neighbors about them. You can hardly fail to find women who complain with Mrs. Bell, "I can never thank Dodd's Kidney Pills enough."

Community Breeding Of Farm Stock

Many Are Operating Under the Companies Act or as Partnership Concerns.

The development of co-operative activity among Saskatchewan farmers should be community breeding of farm animals, in the opinion of W. Thompson, director of the co-operative organization branch of the provincial department of agriculture.

"Co-operative breeding of farm animals is a very important development in the improvement of livestock in recent years. Invariably good results have been obtained in the three registered co-operative community breeding associations in the province. Besides many are operating under the Companies Act or as partnership concerns which have the same aim."

"Co-operation in livestock breeding should be of the very greatest value to Saskatchewan at this stage, when such a good beginning has been made in establishing good herds of pure-bred stock. The spirit of co-operation is greatly helped by a movement where the prosperity of one breeder in a locality assists in promoting the welfare of all his neighbors."

Relations With Germany Resumed

Lord Kilmarnock Leaves London to Assume Diplomatic Duties.

Lord Kilmarnock has left London for Berlin to assume his duties of British diplomatic representative at the German capital.

His departure marks an important step in the re-establishment of diplomatic relations between Great Britain and Germany which will be effected almost immediately.

Consuls and consuls-general will be appointed shortly by the two governments. Germany will be first represented in London by a chargé d'affaires, but it is believed the rank will soon be raised to that of minister instead of ambassador as formerly.

CHILDHOOD CONSTIPATION

Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be easily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them Mrs. Joseph Dion, Perpetue, Que., writes: "I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right and now at the age of fifteen months he is a healthy boy, and this good health I attribute entirely to the use of the Tablets." They are sold by medicine dealers, or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

When lovers form a combination an engagement ring is the result.

Minard's Liniment Cures Garget in Cows.

Waterworks for Small Towns

The Advantages of a Common Water Supply With the Convenience of Tap Water.

Many of our moderate-sized communities have not availed themselves of the advantages and benefits of a public waterworks system. While some years ago only the larger cities could afford waterworks systems, modern progress has extended this privilege to the smaller towns and villages. The advantages of a common water supply with the convenience of tap water in each house, as against individual supply, need scarcely be pointed out. It is sanitary, convenient, cheaper in the long run, and greatly reduces the fire hazard. This last can be measured in dollars and cents in the reduction on insurance costs and consequent increase in value of property. Added to this, and perhaps of even greater value, is the assurance that the possibility of the entire town being destroyed by a conflagration has been immeasurably lessened.

That waterworks installations are not restricted to the large centres is plainly demonstrated in our own country. In our two larger provinces, Ontario and Quebec, there are over 180 public water systems for communities of 2,000 population or less, and nearly one-half of these have a population under 1,000.—L. G. Denis.

ASTHMA

Local Happenings

L. E. Wize arrived from Timmins, Ontario, on Saturday last, from which point he has been transferred to the staff of the Canadian Bank of Commerce here, occupying the position of Ledger Keeper. Mr. Wize is a handsome young fellow of the tender age of seventeen, has delightful blue eyes, and auburn locks. He saw service in Nova Scotia in

the Coastguard patrol. Now girls, this is leap year you know don't let this opportunity get past you.

* A word to the wise is sufficient

The Ladies Aid meet at the home of Mrs. Woodrow next Wednesday the 11th. The Aid is intent giving an Easter Supper on Monday the 5th. of April.

SAM BROWNE.

The Soldier After Whom the Belts Were Called.

Who was Sam Browne? Thousands of Canadian enlisted men in France who did not have to wear one in France to look like an officer, and many officers over there that did, give the belt around the waist and over the shoulder to distinguish them from some enlisted men, have possibly thought he was some great leather magnate overloaded with war orders.

According to an authority, the original Sam Browne was a most gallant British officer and gentleman, who won the Victoria Cross fighting for the Empire in India during the autumn of 1858.

Lord Roberts, Field Marshal and advocate of the British Army, who was a friend of the dashing cavalry officer, gives this account of the dead hero who received so much publicity in the late war because he was careless enough to have his arm cut off and therefore forced to devise some means whereby he could be present at battle without his trusted sabers dragging on the ground: "This popular and gallant officer, well known to every native in upper India as 'Sam Brun Sahib,' and to the officers of the whole of His Majesty's army as the author of the sword which distinguished himself greatly in the autumn of 1858. With 230 sabers of his own regiment and 350 native infantry he attacked a party of rebels who had taken up a position at Nurul, about ten miles from Phulibagh. Browne managed to get to the rear of the enemy without being discovered. A hand-to-hand fight then ensued, in which he got two severe wounds, one in the knee, from which he nearly bled to death, the other on the left shoulder, cutting right through the bone. The enemy was completely routed and fled, leaving their four guns and 300 dead on the ground. Browne was deservedly rewarded with the Victoria Cross."

Sam Browne died at the Wood Ryde, Isle of Wight, on March 14, 1901, after a long illness. A memorial tablet has been put up for him in St. Paul's Cathedral in London. There are memorials to the tough old cavalry officer in every community of Canada. Wherever a community of second-hand clothing stores there will be found one or two belts, diamond belts, Browne belts, linking the reconstruction period with a hand-to-hand fight in far away India many, many years ago.

A Privy Councillor.

New Year's honors in Canada are this year few, but of a highly exclusive character. The appointment of Sir Thomas White, Hon. C. J. Doherty, and Hon. A. L. Sifton to the Privy Council of Canada, and the appointment of members of His Majesty's Most Honorable Privy Council, with the right to use the title of "Right Honorable" before their names, brings the list of those who bear that title in Canada up to the incomparably small number of eight. The others are Sir Charles Fitzpatrick (1912), Sir Robert Borden (1913), Sir George Foster (1914), Chief Justice Sir Louis H. Davies (1918), Mr. Justice Lyman P. Duff (1919), Sir Thomas White (1920), Charles J. Doherty (1920), and Arthur L. Sifton (1920). The office is an honorary one, involving no duties.

His Majesty's Most Honorable Privy Council—commonly called the Imperial Privy Council—is a council of state appointed periodically by the sovereign to consult him for the public welfare. In the table of precedence, Privy Councillors stand above all knights, except Knights of the Garter, and, like barons, viscounts and earls, the style "Right Honorable" is prefixed to their names. In Great Britain, all the politicians and public men must be sworn in as Privy Councillors before being placed in charge of their department, just as in Ontario, the members of the Drury Government were sworn in as members of the Executive Council before being appointed Ministers. The Cabinet in the United Kingdom is a committee of the Privy Council, and the theory is the same at Ottawa. There is legally no such body as the Cabinet, either in Great Britain or Canada. There are, it is stated, about 350 Imperial Privy Councillors in the whole Empire, of whom only about 25 are resident outside of Great Britain.

A "Nautilus" Village.

In Alberta there exists a village where no nails have been used in the construction of the houses. These were built by Ruthenian immigrants, and are of the typical Ruthenian style—plastered, thatched and wide in the eaves. Even the door, an affair of slender twigs, woven and laced together, swings on home-made hinges, and is latched with a wooden hasp. The floor is of hewn logs un-nailed. The roof is a wonderful fabric of poles and brushwood, about six to ten inches thick, packed tightly and solidly, and laid with such care that it will endure any weather for twenty years.

The High Cost of Clothing.

"Why did Wilkins decide to stay in the army?" asked an soldier. "He didn't see any other way of getting an overcoat this winter."

KIRRIEMUIR KOLUM*

Mr. and Mrs. Sampson returned from Valleyford, Wash. Wednesday January 28th. where they have been visiting there relatives.

At the Creek Valley school Rev. Wickenden presented Ernest Buxter with \$2.00 being 1st prize for the best pen of chickens shown at the school Fair held at Consort last Aug. The Fair was put on by the Old Agriculture College Ernest's pen of chickens consisted of 1 cockeral and 2 pullets, white Wyndottes, Gile strain May hatched.

G. Vert is looking after the interests of the U. F. A. farmers at the U. G. G. elevator.

The regular meeting of the Ladies aid will be held at the home of Mrs. Kewley Thursday February 5.

Mr. Liknes sr. is visiting Martin for a few days.

Rev. Wright preached a splendid sermon Sunday evening choosing for his sermon the 19th, chapter of Luke.

There was a good attendance at services Sunday eve. Next service Feb. 15th Kirriemuir school house.

A welcome evening was given our Pastor and wife in the Kirriemuir school house Friday evening January 30th. The evening was spent in games, music and a hat trimming contest, consisting of 5 gentlemen namely Messrs. Wright, Kay, Kewley, Liknes and Woodman, which caused the onlookers lots of fun, the ladies wearing the hats afterwards and declaring they could not do as well in the time given. Everyone wore a paper with a name of some Royalty or Celebrity for supper partners. After singing the "National Anthem" three cheers and a "Tiger" were given the programme committee.

On January 30 Chas T. Schon left Kirriemuir to accept a position in the Merchants Bank at Delburne, Alta.

Miss E. Evans of Monitor is visiting Mrs. H. B. Hennessey.

Bad Blood Fatal To Good Looks

Easy Enough to Restore Both By
a Simple Home Remedy
That Costs But a
Quarter

Bad looks and bad health go together. To look young, to be happy and to enjoy life, and be always at your best you must keep your blood pure, your liver active, your bowels well regulated. These are the prime essentials to a happy, healthy old age.

If you want a positive guarantee of good health, you can easily find it in the Dr. Hamilton's Pills. Hamilton's Pills, which for forty years have been keeping thousands of people in the pink of condition. It's no experiment to use Dr. Hamilton's Pills as a regular round of life. They are composed of certain extracts and herbs that search out and eliminate, tone and strengthen the system.

It is good of better health, if lacking in strength, if subject to headaches, blood disorders, constipation, lack of appetite, and indigestion, 'tis safe to say you will be cured quickest by using Dr. Hamilton's Pills, sold everywhere in 25c boxes.

Projectile to Probe Beyond Earth's Rays

American Scientist Believes It May
Be Possible to Send a Rocket
Up to the Moon

A new type of multiple-charge high efficiency rocket of entirely new design for exploring the unknown regions of the upper air, has been invented and tested by Professor Robert H. Goddard, of Clark College, according to an announcement authorized by the Smithsonian Institute, Washington. The claim is made for the rocket that it will not only be possible to send this apparatus to the higher layers of the air, including those beyond the earth's atmosphere, but possibly even as far as the moon itself.

The highest level so far reached with recording instruments is nineteen miles out, accomplished with a free balloon. Professor Goddard believes that his new rocket can be sent through the band of atmosphere around the earth, which he says extends some 200 miles out, and that his new rocket will be of great value to the science of meteorology. He thinks this can be done with a rocket of his type weighing only 1,274 pounds initial mass.

The announcement declares that Professor Goddard is at present perfecting the reloading mechanism of his rocket, under a grant from the Smithsonian Institution, and that it is hoped shortly to be able to demonstrate the practicability and value of this new type of rocket.

Professor Goddard has furnished a complete description of his invention to the Smithsonian Institution, which is publishing his paper.

Imperial Oil Plan Big Extension

Will Expend at Least \$300,000 in
Southern Saskatchewan.

The Imperial Oil Company will expend at least \$300,000 in Southern Saskatchewan, outside of the city of Regina, in 1920, according to information given to the Regina press.

The money will be expended as follows: 300-barrel tanks, 60; 2,000-barrel tanks, five; 15 warehouses 20 feet by 30 feet and two brick warehouses 40 feet by 60 feet; pumphouses, filling stations, twelve motor trucks and twelve horse-drawn vehicles, and also about 8,000 steel barrels.

This is some indication of what faith the Imperial Oil Company has in Saskatchewan. It is only a question of getting the crude oil. If supplies could be depended upon, the sky would be the limit in the way of extensions and improvements, according to the local manager.

How He Does It
"His wife believes everything he tells her."

"That so? How does he manage it?"

"He makes it a practice not to tell her much."

Mechanical Devices Introduced in East Lectures Arousing Thirst for Western Mechanical Knowledge

Mechanical inventions of western civilization are being expounded in China, European Russia and Siberia, according to Prof. C. H. Robertson, of New York, who has returned from a 20,000-mile lecture tour in the Far East under the auspices of the Y.M.C.A. Demonstrations of the gyroscope and wireless telegraphy are being given, and the lectures are correcting false impressions of these devices, and arousing a thirst for western mechanical knowledge.

With an interest in these inventions large groups become amenable to western ideas, he says, and Chinese leaders are starting schools under western supervision. Through an understanding of these devices superstition is being overcome to a considerable extent. The lectures are also bringing about changes in the language, for they are introducing polysyllabic names of inventions into the monosyllabic Chinese tongue.

A Scout of Importance

Every Town and Village a "Scout
Town" in Saskatchewan

During 1920

A special appeal has been sent from provincial headquarters to every mayor and town clerk, and every overseer and secretary-treasurer, in Saskatchewan, asking them to organize a citizens' committee to study the Scout program and to make a survey of the facts relating to the boyhood of each community, in order that with the co-operation of churches, schools and other organizations definitely engaged in work for boys, adequate provision may be made for extending the Boy Scout program to a larger proportion of their boyhood.

Saskatchewan depends for its future upon the proper training of its youth. Farm boys and others who live where they have but few boy friends or none at all, should be given an opportunity to join the Scouts and become attached to their nearest community centre, by applying for application blanks to their nearest town official, or provincial headquarters, which will be sent to any address free of charge. It is hoped that each community will form committees and enroil as many boys as possible, and encourage them to live up to the spirit of Scouting.

The Boy Scout movement is turning out thousands of better boys and creating the finest type of future Canadian patriots. Scouting is the process of making real men out of real boys, by a real program which works.

Make your goal this: "Every boy in your town who ought to be a Scout shall be. Every boy on farms in your vicinity who ought to be a Scout shall be." Whatever objective you adopt in this regard, you should get your citizens' committee enthusiastic for it. Take them completely into your confidence. Let them know that all boys want scouting. Put it squarely up to the committee of citizens to see to it that the community recognizes the Boy Scouts movement as indispensable to the boys of your centre. "There is a reason."

900 a Week From 220 Hens

A flock of 220 young pullets, all of last year's breeding, are laying eggs at the rate of fourteen dozen a day, or a hundred dozen weekly at the Dominion Experimental Farm at Lethbridge, Alberta. This satisfactory result has been obtained by the selection of hatching eggs from birds of proved laying strains. The feeding and housing arrangements are very simple and within reach of the means of any farmer.

When Husbands Count
"I understand both your daughters have been satisfactorily married."

"Yes, one married a baker, who, of course, can always raise the dough, and the other married a butcher, who knows how to make both ends meet."

"What is most liable to go broke when your automobile?"

"The owner," replied Mr. Chuggins.

why?

A man at sixty years of age is either a failure or a success. BEECHAM'S PILLS have been made for sixty years and have the largest sale of any medicine in the world.

BEECHAM'S PILLS
Sold everywhere in Canada.
In boxes, 25c, 50c.

Baby Airplanes

Latest Invention

Lilliputian Crafts Are Being Tried
Out-All Over Britain

Just as the year of adult automobiles was followed by the creation of baby motor cars so now in the aerial world we are having an influx of baby airplanes fresh from the hands of the inventive genius. In the park, in the fields and in various other open spaces miniature aircrafts are having trials all over England.

One of these midgets called the "British crow," weighs 220 pounds and flies with the speed of a full-grown airplane. Another baby called, "the pocket airplane," is so small that a man can span its wings. It is 16 feet long, and the inventor, Austin Whippet, says it will achieve a speed of 96 miles an hour. A feature of this baby is that it can be folded for transport and carried inside a trunk.

The French are also dabbling in Lilliputian aircraft. Passepartout claims to have built the smallest airplane in the world. It is guaranteed to carry a single passenger anywhere and bring him back. Still another infant monoplane is one turned out by a French firm at Garsay with a span of a trifle more than thirteen feet, thus being two feet smaller than the "British Crow."

Fitted with a ten horse-power A. B. C. engine the Garsay baby has a speed of sixty-two miles an hour, and can land at the low speed of twenty miles an hour. The average retail price of these little brothers of the Caprons, Handley-Pages and Vimys is from \$1,000 to \$1,200.

Perversity

Young man—Please come out in the garden with me.

Fair Co-ed.—Oh, no. I mustn't go out without a chaperone.

Young Man.—But we don't need one.

Fair Co-ed.—Then I don't want to go.

Triumph

Ho.—But I asked you, dearest, to keep our engagement a secret for the present.

She—I couldn't help it. That hateful Miss Oldum said the reason I was not married was because no fool had proposed to me, so I up and told her you had.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbania, Ill.—During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted for a week, and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I am now again in strength and the annoying symptoms disappeared and my Vegetable Compound has made me a well, strong woman so I do all my housework and garden work. Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."

—Mrs. Frank Henson, 816 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "the fidgets," headache, "the blues" and "the blues" should try this famous and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Irrigation Feasible Over Large Area

California Expert Presents Favorable Report to Alberta Legislature.

George G. Anderson, of Los Angeles, California, the irrigation expert commissioned by the government of the province of Alberta to investigate the possibility of the large irrigation scheme in Southern Alberta, known as the Lethbridge Northern project, is about to prepare an official report of his investigations for submission to the Alberta legislature.

Mr. Anderson considers the proposed irrigation scheme in the northern Lethbridge district entirely feasible. Mr. Anderson states that he is satisfied that adequate water supply is available. The survey work already done by the Dominion government has been carried out with great care, and the estimate of costs that had been currently accepted, largely on local and unofficial authority, he believes to be considerably under the amount that would actually be required. A matter of \$4,000,000 is probably involved in the scheme, according to the Hon. A. J. McLean, minister of public works.

The irrigation work in the northern Lethbridge district is the first of several irrigation schemes on foot. It is not the largest, however, and it is expected that it will be followed by the southern Lethbridge scheme, which will involve a larger acreage and a correspondingly larger outlay.

Must Practice Economy Is Warning Given

Toronto.—Sir Edmund Walker, president of the Dominion Bank of Canada, at the annual meeting of the bank here, referred to the numerous warnings given that economy must be practiced in this country, but so far these warnings have not had the slightest effect, Sir Edmund said. Extravagance is the order of the day, and in my opinion will continue to be the order of the day until conditions change and hard times come on us.

Sir Edmund states that while the past year had been a prosperous one for the banks, the future must cause anxiety to all financial business. The exchange conditions were serious, he said, and in Canada a large amount of money probably would be withdrawn which had been borrowed from England and Scotland by the various mortgage companies, and loaned on mortgages in this country. "There is no inducement now to send money from England," Sir Edmund said, "and there is every inducement for the English to have the money sent back to England to take advantage of the low rate of exchange."

Sir Edmund concluded by saying: "No money can be expected from Great Britain for investment in this country until the exchange conditions change."

Increased Work May Save Germany

Minister of Agriculture Declares That Worse Times Have Yet to Come

Berlin.—We have only arrived at the vale of tears through which we are forced to pass, said the minister of agriculture, Herr Braun, in the Prussian diet in connection with the food debate.

Worse times are coming, the masses must be told that our only hope is increased work.

The minister then made the startling announcement that Germany would soon arrive at the point where she would be unable to buy anything abroad, but will be wholly dependent upon home production.

9,000 Pensioners Now Affected
Ottawa.—Nearly 9,000 pensioners and dependents are affected by the transfer of payment of British pensions to the Canadian board of pension commissioners which has now been made. The pensioners in receipt of Imperial pensions, however, are still under the office paying Imperial pensions, Ottawa, and must address him in forwarding letters or documents to the Canadian office, which has full control of expenditures, staff, etc., the money in question being forwarded by the British government.

Plan New Cable

Amsterdam.—The Western Union Telegraph Company is planning construction of a direct cable between America and Holland, according to the *Handelsblad*.

GET SLOAN'S FOR YOUR PAIN RELIEF

You don't have to rub it in to get quick, comforting relief.

Once you've tried it on that stiff joint, sore muscle, sciatic pain, rheumatic twinge, lame back, you'll find a warm, soothing relief you never thought a liniment could produce.

Won't stain the skin, leaves no muss, wastes no time in applying, sure to give quick results. Your last bottle means economy. Your own or any other drugstore has it. Get it today. 35c, 75c, \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

Gompers Condemns Bolshevism

Says People Are Being Misled By News From Sources Which Are Not Authentic

Washington.—Writing in the current number of the *Federationist*, organ of the American Federation of Labor, Samuel Gompers condemns Bolshevism completely, finally and for all time.

Mr. Gompers declares he doubts whether the propaganda which emanates from the Bolshevik organization, itself is more effective than that conducted by those who claim to be entirely detached from Russian influence and Russian pay rolls. He says he doubts whether publications issued by Russian Bolshevik agents have as great an effect in this country as those which like to be known as journals of opinion, such as the *Nation*, the *Dial*, and the *New Republic*.

Mr. Gompers makes an extended reference to the argument that the American people know little about what is going on in Russia, and the argument that it is unfair and unwise to pass judgment.

"All the information necessary," says Mr. Gompers, "to the passing of judgment on Bolshevism and the system of government and as a state society is at hand from sources that are authentic. The plea of those misguided persons who say 'wait for facts before passing judgment' is nothing more than an excuse which, it is hoped, will gain time for the Russian experiment and enable it to spread to other countries."

The Whereabouts of Premier Borden

Is Reported to Have Told Jellicoe He Would Stay on His Ship

Ottawa.—It is stated in quarters which are generally accepted as authentic that Sir Robert Borden is now actually on his way to England with Admiral Jellicoe, or to wherever the former First Sea Lord is going since his plans to visit South Africa were hurriedly cancelled. It is said that when Lord Jellicoe's visit to South Africa was called off the prime minister stated that he would stay with the ship, wherever she was going.

Women Wonder at Her Many Clothes

Diamond Dyes Make Faded, Old, Shabby Garments New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods, dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings—everything.

The Direction Book with each package tells how to diamond dye over any color.

To match any material, have dealer show you "Diamond Dye" Color Card.

Disposition of German Vessels By Brazil

Rio Janeiro.—The question of final disposition of the 45 German ships taken over by Brazil during the war, some of which were leased to France, is again keenly occupying public attention.

President Pessoa said that it was his personal opinion that Brazil, as a matter of honor and by reason of her signature of the peace treaty, should indemnify Germany to the extent of \$25,000,000 for possession of the ships.

Germans Want Treaty Revised

Berlin.—The government has addressed an appeal to the allies to revise the provision of the peace treaty regarding the extradition of German military, naval and civilian leaders, declaring that the government cannot guarantee their delivery.

Great Changes Seen In Great Britain

Son of British Premier Says Large Landowners Are Being Eliminated

New York.—That Great Britain is undergoing great economic and political changes during the period of reconstruction following the war, is the opinion of Major Richard Lloyd George, son of the British prime minister, who is in the United States on a business trip.

To the Canadian Press he voiced his regret that his hurried trip to this country on business affairs made it impossible for him to visit Canada. He will sail for home February 14 on the Adriatic.

"One of the most important changes in England," he said, "is the breaking up of our system of large landowners, who are selling their holdings because they are unable to pay the heavy taxes that have been imposed upon them. In the sale of these properties they are reserving the first opportunity of selling to the tenants whose ancestors have been on the land for many generations. By the establishment of many small farmers as property owners, we are creating the thrifty peasant class in Britain, which has been such an aid to France and Belgium in rebuilding those war-demoralized countries."

The land-owning classes came in for praise from Major Lloyd George, who said that they had made no effort to profit during the war and deserved an enormous amount of the credit for victory.

As to the feeling in Britain over the lifting of the embargo against Soviet Russia, he said:

"Feeling in favor of re-opening trade with Russia has been growing for some time and is very strong at present, especially among the laboring classes. But you need attack no importance to a statement by me. I am a businessman, not interested in politics. The Labor party in Britain is undoubtedly growing stronger and stronger. It is showing its influence everywhere, especially in the by-elections. However, no party is strong enough to dominate the government in Britain. Whatever change comes about, the government must continue to be one of coalition, as it has been during the war."

Condemns Irish Education Bill

Catholic Clergy Describe the Measure as a Demoralizing Scheme

Maynooth, Ireland.—Strong condemnation of the proposed Irish education bill was expressed at the assembly here of the cardinals, archbishops and bishops. Speagers described the measure as the most demoralizing scheme put forward for Ireland since the act of union. They declared that until Ireland was governing herself any attempt to abolish the existing boards of education as proposed by this bill would be resisted, as the measure deprived the clergy of control. If it were put in force, it was insisted, it would be the duty of the hierarchy to instruct Catholic parents regarding the education of their children.

Why can't a baby shed enough tears to drown its noise?

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freeze, says a Cincinnati doctor.

It is claimed that at small cost one can get a quarter of an ounce of freeze at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and, when applied, dries the moisture it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footware is putting corns on practically every woman's feet.

Peace With Soviet Russia Urged by Labor

Clemenceau to Visit Egypt and France

Absolutely Sincere in His Decision to Remain in Retirement

Paris.—Former Premier Clemenceau has reserved a stateroom on the steamer *Lotus*, leaving Marseilles on February 3, bound for Alexandria, Egypt. He is reported to be absolutely sincere in his decision to remain in retirement, and under no consideration to be drawn again into the turmoil of politics. To the editor of *L'Human Libre* he remarked the other day, aent his defeat in the test vote of parliament on the Presidency week before last: "Some persons need a kick, others a kick. I am through. My enemies may think I received a kick, parliamentary friends a hint. At any rate I am through. I am off for Egypt, then, well, we shall see, perhaps India."

The signatories assert that they do not subscribe to the political and social theories on which the Soviet government is based, but contend that a continuance of the state of war is "inexcusable" and that the course of least risk all round is peace.

They maintain that if the Soviet government is merely imposing its power on the Russian people by tyranny, it is because the people are cowed by privation and hunger, and that these conditions will be perpetuated by a state of war, the horrors of which will fall, not upon the tyrannical government, but upon the peasants, women and children.

Former Kaiser Receives Congratulations

Two Huge Carloads of Flowers and Other Gifts on His Birthday

Amerongen.—The staff of the Amerongen telephone office was increased in order to handle the flood of telegrams received by former Emperor William of Germany on the occasion of his birthday.

Two huge carloads of flowers and other gifts were delivered at Bentinck Castle, where the one-time emperor is domiciled.

The Queen's commissioner for the district of Utrecht, who arrived at Amerongen during the afternoon, attended at the castle. The celebration inside the castle was a quiet one.

Says Flu Danger is Over

Ottawa Physician Thinks There Is No Influenza in New York

Ottawa.—"There will be no recurrence this generation of the flu epidemic."

Such is the hopeful conviction of one of Ottawa's foremost physicians, Dr. H. E. Church.

"Chicago and New York haven't got the flu at all," he declared. "The cases reported so faithfully from day to day in such numbers are nothing more nor less than what is popularly known as 'grippe.' The symptoms are no different and the death rate no higher than the old and more familiar affliction."

"In my Ottawa practice I do not know of one person who has been attacked with the flu who has had a recurrence. The attack seems to have humanized those who once fell victims, and survived while those not attacked were not susceptible to the disease at all."

"This scourge undoubtedly has swept the world in past ages. Its origin is mysterious and its sweep is widespread and disastrous. But a generation or perhaps many generations will elapse before it comes again in the deadly form that it did in 1918."

Hughes Predicts War in Pacific
London.—W. A. Hughes, Australian prime minister, speaking at Melbourne, said the next war would probably break out in the Pacific, according to a Central News dispatch from Sydney.

"We must be ready with a sufficiently numerous army to say, 'Thus far and no further,'" he is quoted as saying. "We are hedged about with nations which just after this country."

Record Cereals Export

Buenos Ayres.—Argentina's exports of cereals during the first 24 days of 1920 were the largest ever known for a similar period, according to figures made public by the customs house. The exports totalled \$40,000,000, consisting of 320,000 tons of wheat, 250,000 tons of maize, 50,000 tons of linseed and 20,000 tons of oats.

London.—Complete and immediate peace for Soviet Russia is declared necessary in a manifesto signed by 18 prominent Labor leaders, including John Robert Clynes, former food controller; James Henry Thomas, general secretary of the National Union of Railways, and William Bruce, miners' leader.

The signatories assert that they do not subscribe to the political and social theories on which the Soviet government is based, but contend that a continuance of the state of war is "inexcusable" and that the course of least risk all round is peace. They maintain that if the Soviet government is merely imposing its power on the Russian people by tyranny, it is because the people are cowed by privation and hunger, and that these conditions will be perpetuated by a state of war, the horrors of which will fall, not upon the tyrannical government, but upon the peasants, women and children.

Labor Refuses to Join Nationalists

Official Report of the Parliamentary Delegation Has Been Made Public

Belfast.—The official report of the parliamentary delegation which has been investigating conditions in Ireland, declines an alliance with the Nationalist party. It declares the fact that the Nationalists recently advised Irish supporters in Great Britain to vote for Labor candidates means only that the Nationalist party is convinced that the only party ready to give justice to Ireland is the Labor party.

The Labor party delegation consists of Arthur Henderson, William Adamson, J. R. Clynes, W. T. Wilson, J. A. Parkinson, and W. R. Smith.

Passports Refused

London.—The government has refused passports for James Ramsay MacDonald and Charles Roden Buxton to go to Russia as part of a delegation appointed by the International Socialist Congress at Berne. The decision was taken after consultation by Premier Lloyd George with Premiers Nitti of Italy and Millerand of France.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty.

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, coarse or faded. It becomes soft, smooth and shiny. Get a decent size of "Danderine" for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

Friday in the month at Stone-
law Schoolhouse.

Altario continued

There was a public meeting of hospital supporters or Saturday afternoon to further consider the affairs of the community hospital, A. Wright J. P. took the chair and the speakers were Dr. Robinson who touched on the local requirements as to size and running costs of a small hospital compared with 9,15 bed capacity. Mrs. Conquest urged immediate action and asked the meeting to capture the Red Cross angle of vision remarking that the Red Cross record in wartime was one of deeds, not words, as they had erected hospitals at express speed right in the war zone. Mr. Morley emphasized the need of confidence in the new Board to be elected, his opinion being they should have full power to proceed with the work placed the present building in shape right away. The following were elected Messrs. Wright, Gowland Morley Lake, Messdames Staley, N. D. Robinson, Lake, Thomas. The other members are N. D. Robinson and D. Thomas respectively President and Secretary of local Red Cross. The resident physician being an ex-officio member.

Million Dollar

Deal In Wheat

An export permit has been issued for 300,000 bushels of Alberta wheat for shipment to the United States says the Lethbridge Herald. Most of it is expected to go to Montana via Lethbridge and Crows. This wheat was purchased by a Montana elevator company for distribution to farmers from its line elevators. The price is understood to have been \$3.25 per bushel, so that the deal involves practically a million dollars. It will take about two hundred cars, or five trains, to move the grain.

Will Keep Alive Memory of Crimes

A French society called "La Ligue Souvenez Vous" (the League of Remembrance) is trying to keep alive, after the ratification of peace, the memory of German crimes committed during the war. By posters, pamphlets, pictorial stamps and lectures it conducts an anti-German campaign throughout the world. Branches have been established in Uruguay, Argentina, Brazil, the United States, and other countries in North and South America. In all, the society counts as many as 23,000 members.

Pep and Color back
with "Cascarets"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food, which sometimes contains strong acids, gases and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and have you feeling clear, bright and as fit as a fiddle by morning. Cascarets never sicken or inconvenience you like nasty Calomel, Salts, Oil, or gripe Pills. They work while you sleep.

Speaking of the skin games, the beauty specialist has the rest of the bunch skinned a block.

The Nova Scotia "Lumber King" says: "I consider MINARD'S LINIMENT the best LINIMENT in use. I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT, and it was as well as ever next day." Yours truly, T. G. McMULLEN.

Some people grumble, because they can find nothing to grumble at.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVES signature on each box. 30c.

The man who knows enough to attend to his own business knows about all that is worth knowing.

Minard's Liniment Cures Colds, Etc.

The general situation seems to be pretty well summed up in the confession of an Atchison negro: "I sleep well, and eat well, but somehow I have no desire to work."—Kansas City Star.

Quality Counts in Coal Oil

No coal oil but the best is good enough. Every occasion calls for quality. A clean, refined oil that burns without soot or smoke, that goes into useful energy to the last drop—that's the oil to choose for your cook-stove, heater, lamp, tractor or stationary engine.

You can't buy better coal oil than Imperial Royalty. It is a superior product, refined to meet every known test to which oil can be subjected. It is the same uniform quality anywhere you buy it. Gives the same full satisfaction for all power, heat or lighting purposes.

It's for sale by dealers everywhere in Canada. Costs no more than ordinary coal oil.

KEEP HEALTHY DURING WINTER

Colds and Diseases May Be Avoided
If the Blood Is Kept
Pure

Do not let your blood get thin this winter. For people who have tendencies towards colds, rheumatism, bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet, are among the many things that combine to lower the tone of the body and deplete the blood. As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood, take a short course of treatment with Dr. Williams' Pink Pills. "Do not wait until the color has entirely left your cheeks until your lips are white and your eyes will roll." Dr. Williams' Pink Pills contain no irritating or stimulating constituents, nothing of the kind in the earlier stages than later. This is well illustrated in the case of Mrs. E. Williams of Elie Lake, Ont., who says: "I take great pleasure in letting you know the great pleasure I have found in the use of Dr. Williams' Pink Pills. I was in a very poor condition, and was very weak and run down. The least exertion would leave me breathless, and it was with difficulty that I did household work. I was advised to try Dr. Williams' Pink Pills, and after the use of four boxes I felt like a new person. I have my strength restored with new energy and new life. I strongly recommend this medicine to all who feel weak or run down."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are, for this reason, invaluable in diseases of the heart, when bad or deficient blood, as rheumatism, neuralgia, after-effects of the grip or fevers. The pills are guaranteed to be free from opium or any harmful drug and cannot injure the most delicate system.

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box, or six boxes for \$2.50, by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

The brave conductor deserves the fare.

Minard's Liniment Cures Diphtheria.

It is easier to be wrong than it is to be President.

A Problem for the Editor

It has been asked whether stepping on a man's corn gives provocation for sweating. Answer: Keep the toes off the corns by using Putnam's Corn Extract. It's the best, 25c at all dealers.

Farm Land Values Increasing

High Prices Are Paid for Alberta Farm Lands.

The assertion that the price of \$100 an acre paid for 640 acres of land near Nobleford, Alberta, last week, was a record price for Alberta land, has brought several instances from correspondents of equally high prices having been paid during the last two years.

In the spring of 1918, E. A. Grant sold William Buxton 65 acres of land adjoining the town of Barons, Alberta, at \$100 an acre. The same spring, Chas. Welsh, of Barons, sold Spence Truman 145 acres near the town, at \$100 an acre, the cash payment being \$5,000. In 1919 John Warnock, of Barons, purchased a half section near the town at \$100 an acre, the cash payment being \$6,000. Still another deal was made whereby A. C. Menzies, of Barons, bought 45 acres at \$118 an acre. W. A. Moore, of Barons, has had two offers of \$100 each for his land, with cash payment of \$25,000.

Politeness counts as an air cushion—there may be nothing in it, but it eases the poits wonderfully.—Anon.

Are You Asleep? Or Wide Awake?

If the former, don't rend this; if alive and ready to make money, read this carefully.

Alberta Irrigation

Farmers Successful

Farmers on irrigated land in Alberta have had an opportunity of showing their products beside those of farmers in the irrigated districts of Idaho with a result very favorable to the farmers of Alberta.

In an exhibition of irrigated crops held at Pocatello, Idaho, they won first prize for oats, field peas, garden beans, red clover and sheep of wheat, and second prize for white clover. The successful competitors were A. Garrow, R. B. Gangster, Don H. Back and the Federal Land Company, all of Brooks, Alberta.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach

the inner parts of the ear. There is

only one way to cure Catarrhal Deafness,

and that is, by a constitutional remedy.

DR. WILLIAMS' PINK PILLS

work directly through the blood

and the mucous membranes of the

system. Catarrhal Deafness is caused

by the obstruction of the tube of the

ear, or the Eustachian tube. When this tube

is inflamed you have a rumbling sound

in your head, and if it is closed

Deafness is the result. Unless the

inflammation can be reduced this tube

restored to its normal condition, health

is destroyed forever. Many cases of Deaf-
ness are caused by Catarrh, which is an in-
flammation of the mucous membranes.

ONE HUNDRED DOLLARS for any

case of Catarrhal Deafness that cannot be

cured by DR. WILLIAMS' PINK PILLS.

All in 25c. 50c. Circulars free.

F. J. Cheney & Co., Toledo, Ohio.

Familiarity with danger is apt to

breed contempt for it.

Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel lousy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

MONITOR Opposite pool Room ALBERTA

Local Items by Hobbensquash

First cousin, 2 removes of Hoo-jah-ka-bibby. Inventor of the pathetic Ballard "Oh, Whatanas Siam"

Doe Larder awoke with a horrible start
Ere he finished his dream of pie,
For a shriek rang out like a soul in pain,
With the Creaking clank of a rusty chain,
And a sibilant, sobbing sigh.

Theres a dire deed done gasped the valiant one,
As he yanked on his trousers blue,
And he beat down the street in his stockinged feet
And the mod on the sidewalk swatted his sent
As he went to the hullabaloo.

At Lucas and Ehlingers he came to a stop
And his breath made a noise like a bottle of pop
As he spied in the arms of Charley B Horsch
The child of his bosom, who never was lost
But was asking Charley to make him a Ford Car out of the remains of his Christmas presents. Thus another case of Kidnapping was nipped in the bud as the saying is, or is it.

Dick was counting change in the Bank the other day, when someone came in and whispered something in his ear. Dick immediately dropped about a million nickels and dimes down the drain to save time, and beat to the C. P. R. taking about 2 steps to get there. Doubt known what the person whispered, but understand the following is in order.

Poor little Dickie, went to the wicket
To see if his parcel had come.
When he got there, the wicket was bare,
So poor little Dickie had none.
No not a drop.
